THE MESSENGER

PASTOR'S PEN

From the Pastor's Pen

Summer is starting to appear! This means a few more outdoor activities, a few more barbecues, some picnics, summer youth camp, VBS, and for me it means Annual Training with the Wyoming National Guard. From June 4-18 I'll be bouncing around between Cheyenne, Camp Guernsey, and Rapid City for my two weeks of training. It can be a long two weeks, but this time is always valuable for building relationships with Guard members and laying the foundation for ministry later on down the road. I ask that you would be praying for me specifically about integrating myself on the Brigade staff and continuing to become acquainted with all the soldiers that fall within the Brigade footprint.

With three children in school, summer has also become a time to concentrate our family vacations. Our family will be taking two weeks of vacation this summer, one week in July to Minnesota and one week in August to Yellowstone. I don't enjoy being gone on Sundays so many times in a row in such a short period, but I do enjoy the ministry God has given to me in the National Guard and I also love my family – so that's the way it goes!

There are many things to be praying about this summer. If you haven't already, begin praying for our Vacation Bible School, this is an important time of outreach and discipleship for our younger children. Also pray for our younger students who will be going to Children's Camp and Summit Youth Camp. These weeks are an important time in the yearly calendar of our students! Many decisions for Christ are made every year during these weeks.

Summer is a season that God reminds us vividly what growth and maturity looks like. I've already seen 12 inches of new growth on some of my lilac bushes, and little green shoots of vegetables are popping up all over in the garden. This growth is made possible through nutrients that occur in the soil where these plants are growing as well as nourishing light from the sun and regular intervals of watering. Let's make sure that we see spiritual maturity and growth in every season of our lives. This means we need to plant ourselves in surroundings (soil) that is healthy, beneficial, and supportive of the Christian lifestyle. It also means that we'll need regular intervals of nourishment (teaching, bible reading, praying). As we enter into the busy summer season, let's get excited about spiritual growth!

God Bless,

Pastor Rob
